Institute, the professional development program of the U.S. Chamber of Commerce Foundation, has a long history of providing association and chamber of commerce executives with the industry's best nonprofit training. Since 1921, tens of thousands of nonprofit professionals have attended Institute sites across the country to learn how to build stronger organizations, better serve their members, and become leading business advocates.

Graduates of the four, weeklong sessions receive the IOM recognition, signifying 96 hours of course instruction in nonprofit management. Additionally, the curriculum is tied to the CAE and CCE professional industry certifications.
