

- Institute for Organization Management is the U.S. Chamber of Commerce Foundation's professional development program for association, chamber, and other nonprofit executives.
- Institute's curriculum educates attendees on all facets of running a nonprofit organization. The program consists of four, weeklong sessions at five different sites across the country. Traditionally, participants will attend one site per year. Mark your calendar and attend a session near you! All sites and dates are available on the Institute website.
- Institute's intensive coursework is taught by passionate leaders from various backgrounds, including executives of associations, chambers of commerce, and nonprofits; industry consultants; lawyers and CPAs; and professors. Our faculty will share real-world problem solving solutions that will have you reinvigorated and prepared to tackle your greatest challenges, no matter the size.
- Several scholarships are offered to Institute attendees each year. Each scholarship application requires applicants to upload a cover letter, resume, and two letters of recommendation online. A full list of the scholarships made available can be found on the Institute website at [institute.uschamber.com/scholarships](http://institute.uschamber.com/scholarships).
- Institute's classes educate and assist executives who represent their communities on local, state, and national issues. The knowledge gained through your time spent at Institute will be invaluable moving forward as you grow and enrich your organization.
- Graduates of Institute receive the IOM recognition, signifying 96 hours of course instruction in nonprofit management. The IOM recognition sends the message that you're a reputable professional that actively participates in the nonprofit industry and its surrounding communities. IOM graduates are encouraged to add the IOM recognition after their name in all communications and virtual signatures.
