COVID-Related

What is the mask policy?

Masking on-site is now optional and is up to the discretion of participants.

Institute will follow policies and protocols in accordance with the U.S. Chamber of Commerce and local, state, and federal governments. Updated information will be provided as it gets closer to June, if necessary.

Are vaccinations required for attendance?

Yes. The U.S. Chamber of Commerce and its affiliate, the U.S. Chamber of Commerce Foundation, are committed to the safety of our visitors, our team, and our communities. We require Chamber employees and external guests of Chamber events to be fully vaccinated to participate in Chamber events (i.e., at least two weeks since receiving the Johnson & Johnson shot or the second Moderna or Pfizer shot). This includes offsite events, such as Institute for Organization Management.

All participants will be asked to complete documentation during the registration process and upon arrival on-site attesting to their health and vaccination status. We will adjust our plans as needed to follow the latest guidance. Please note, this does not apply to the University of Wisconsin and their staff.

Will social distancing rules be in effect?

Based on current guidelines, we do not anticipate rooms to be set with social distancing. However, please reach out directly to Institute staff if you would like special accommodations.
